Governor To Address Dedication

Gov. Ross Barnett has accepted an invitation to be guest speaker at the Hancock General Hospital dedication tentatively scheduled for April 30, Beard Attorney Sam Favre informed hospital trustees at their meeting Tuesday night.

Favre was appointed as master of ceremonies and coordinator for the dedication by the board of supervisors. No other definite plans have been made yet, he commented.

See also auxiliary story on equipment, Page 6.

Discussing new personnel for the hospital, the board spent 55 minutes closeted with Administrator Tom Logue in executive session. During the secret meeting the trustees authorized Logue to hire Paul Henley of Waveland as maintenance engineer. Henley will begin his duties March 15.

The board also adopted a standard small deer plaque which will be used in future room dedications in the new building. A decision on the placement of the plaque honoring the King's Daughters from whom the present hospital was purchased by the county was postponed.

Logue reported he is in the process of working out a new arrangement with representatives of Blue Cross insurance concerning the differences in

Supervisors Authorize 16th Section Survey

A standard meeting of the Hancock County supervisors turned into a lengthy 10 a.m. to 6 p.m. session Monday when new members reviewed past expenditures and budgets while approving February statements.

In business matters Roland Weston was retained to survey the county's 16th Section lands to determine and mark boundaries before it is reforested in cooperation with a state program after Area Forester Marlin Parker reported his crew had accidentally replanted 10 acres of private property when they moved over an unmarked boundary.

Parker said the landowner was not interested in reforesting his land and did not feel he should pay for the work. Reforestation is estimated at \$6 an acre plus the cost of the seedlings, according to Parker.

The board agreed to absorb the cost of the mistake and authorized Parker to clear 50 acres on Section 16-6-14 between Neacase Crossing and Caesar at \$5 an acre to prepare for future

Army Inspects Maneuver Site

A final decision on the location of a site for U. S. Army Reserve training maneuvers to be conducted Aug. 14 through Sept. 19 is expected next week from Army officials who visited the county's coastal area Saturday in an effort to find a suitable site for landing operations.

Gen. de Lesseps S. Morrison, mayor of New Orleans, commanding officer of the 377th Transportation Terminal Command, and a group of top brass Army officers were met Saturday morning by A. G. Dantagnan and August J. Scalfidi of the Hancock County Chamber of Commerce who escorted the party to likely sites for the operations. The Bordages brothers, operators of Bordages Fishing Camp, guided two amphibious ducks to sites in Bay St. Louis, Waveland, Clermont Harbor and Bayou Caddy.

Chamber's Member Drive On

A 250 goal membership drive was launched Monday night by the Hancock County Chamber of Commerce, with an April 1 deadline, President A. G. Dantagnan, captain of one of the two 12-man campaign teams, has announced.

Ray Gordon of Waveland was named to the board of directors to fill the unexpired term of Fred Quint, who has been transferred to Jackson.

Dantagnan said that last year's goal, 187, was reached during a personal contact drive and expressed hope the chamber would attain the new goal of 250.

Hawks Take Title

The sound of screaming sirens from city police, sheriff and highway patrol cars and a 47-car motorcade heralded the victorious return of North Central's state champion basketball squad Sunday afternoon. The Hawks trounced Pelahatchie 75-53 Saturday night in the state B-BB playoffs to become Mississippi's No. 1 team in their class, the first county school to win the honor.

Douglas, Barney and Wayne

Basketball Wins Come Natural at N. Central

Basketball is the thing at North Central.

In addition to the state champion Hawks, four other squads coached by Truman Schultz wound up the season with fine records indicating the school will be a threat in state competition for years to come. Wayne, Barney and John Neacase graduate this year and will be lost to the team but plenty of replacements are on tap.

The boys' junior high team won 12 this season. They played in three tournaments and brought home the winner's trophy twice. Lionel Mede and Jerry Cuevas made the all-tournament team in the Harrison Central event.

Girls' junior high won nine

Neacase made the all-state squad, North Central being the only team to place more than two men on the team.

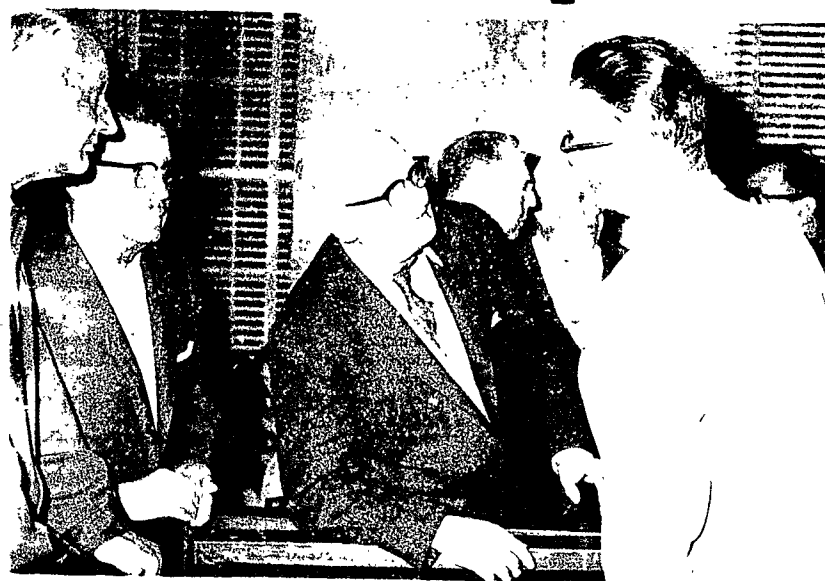

At 7:30 p.m., Saturday in City Auditorium of Jackson, the Hawks will tackle Clinton, state A-AA champs, for the overall state title.

Coach James Johnson of the Hawks said Clinton has a mighty good team. "I saw them play West Lincoln in the Pelahatchie Invitational finals; they had a bad night and lost but they still looked tough," he said. Those attending the game will see fabulous Doug Hutton who racked up a record score of 101 points in two games Saturday in the A-AA finals in Jackson and is the first player to be signed by Mississippi State University this year. Tickets for the game may be obtained from North Central Principal R. E. Webb.

Two cage squads from South Mississippi, North Central, District 8, and Pelahatchie, District 6, got to the B-BB finals. Another South Mississippi team, Improve, District 8, got to the semi-finals and is rated No. 3 in the state.

Caddy-Jordan Strip Is Clean Up Target

PLANNING WATERFRONT CLEANUP - Hearty discussion on methods of cleaning up the debris and unsightly posts along the waterfront from the Jordan River to Bayou Caddy followed Monday night's general meeting in Waveland. From left are Leonard Ladner, Clermont Harbor; J. Cyril Glover, Bay St. Louis; Dr. J. F. Dicks, Waveland, who was named cleanup committee chairman; and Waveland Mayor Garfield Ladner. In the background are Wavelanders W. R. Gordon and Dean James M. Robert with Bay St. Louis Mayor John Scalfide

Dr. Dicks Selected Leader

Local community cooperation was in full swing Monday night at Waveland Town Hall when approximately 25 residents of communities bordering the seawall began plans for a long range cleanup program along the waterfront from Jordan River to Bayou Caddy.

First formal action on a subject long discussed was taken when Dr. John F. Dicks of Waveland was selected to head a committee from representatives of the communities who will analyze the problem and work out a possible cleanup solution.

Meeting at 7:30 p.m. today at Town Hall for their first session will be committee members Ray Gordon, Dean James M. Robert, Col. Marcel Gillis and Joe Colson of Waveland, Lionel Sclier, Lucien Raymond, Mayor John Scalfide and City Commissioners Warren Traub and Cyril Glover of Bay St. Louis and Leonard Ladner and O. Z. Anderson of Clermont Harbor.

Monday's gathering was part of the regular Waveland Town Council meeting which had recessed from March 2.

Waveland Mayor Garfield Ladner, acting as host, noted that a local and private bill had been passed several years ago by the state legislature which would allow Waveland to clear the beach front within the town limits.

With this in mind, town council (Cont. on Page 7.)

Census Takers Are Selected

Ten 1960 population census enumerators have been selected for Hancock County, Thomas J. Garner, county crew leader, has announced.

They are Howard S. Cox Jr., Mrs. Carol S. Murphy, Mrs. Jack Chevris, C. F. Mitchell and Mrs. Gordon Romanoff, Bay St. Louis; Mrs. Marius Ladner, Clermont Harbor; Mrs. Eunice Ladner, Kiln; Mrs. Mary V. Stewart, Waveland; and Mrs. Otto Rester and Paul E. Bounds, north county.

All enumerators begin work April 1 and will work throughout the county, Garner said. He asked that residents cooperate by completing census forms that may be mailed to them.

The enumerators will have a short training period sometime before they begin work, he said. They were chosen on the basis of a competitive examination given last month.

We're Growing

Lloyd Johnson and Leroy Dahl have opened L. and L's auto repair and body shop at Washington Street and Old Spanish Trail.

Mr. and Mrs. John A. Weathers this week opened a new coin operated laundry on Coleman Avenue, Waveland.

King Dollar Stores is opening this week at Main and Second Streets, the site formerly occupied by Harris, Inc. Mrs. Ursula Crain continues as manager of the new concern.

A sewing machine display for the Brotherhood of the Holy Spirit has been set up by Wiley Taylor in the Bay St. Louis service from H07-2-50.

Ask Furnishing Bids For School Projects

Bids for furnishing the new North Bay Elementary School on Dunbar Avenue, Waveland School lunchroom and the Valena C. Jones addition will be accepted up to 6 p.m. Monday, April 11. They will be opened by the board of trustees that night.

It will be necessary to furnish 14 classrooms as well as offices, library, etc., in the new school. Superintendent J. D. McCullough told the board at its meeting Thursday. Legal notice must be published for three weeks and it will probably be necessary to allow about 90 days for delivery of the furnishings, McCullough said.

After explaining that it was sometimes necessary for him to drive 300 or 400 miles to attend the board meetings on Thursdays, Trustee Maurice J. Artigues moved that the date of the monthly sessions be changed to the second Monday of each month instead of the first Thursday. McCullough pointed out that current monthly bills have to be approved by the board and if the meetings were held on second Mondays bills would often get paid after the tenth of the month which would

be a detriment to the schools' credit. Dr. W. P. Henderson seconded the motion and it carried.

Heavy Docket Faces Circuit Court Term

A heavy docket is in prospect for the March term of Circuit Court which opens at 9 a.m. Monday before Judge Leslie R. Grant. Circuit Clerk Lamar Otis has called 62 persons for jury duty from whom the grand jury and two 12-man petit juries will be chosen.

Approximately 35 civil cases and 28 criminal cases are listed on the docket so far, according to Otis.

Presentments to the grand jury are kept secret until that body takes action, Otis said. Apparently scheduled for consideration are two murder charges resulting from the deaths of Tyburt Francis Ward Dec. 6 at his home on U. S. 90 near Bay St. Louis, and Harold Page Sr. of Standard, fatally shot Dec. 20 by his sister-in-law, Mrs. Loretta Spliers at her home in Standard.

A transit, Floyd Jessup, who was living with Ward at the time of his death, is being held in the former case after his arrest by Federal Bureau of Investigation agents in Houston, Texas, where he fled after the murder.

Summoned for jury service are Arthur Lee, Purcell Lee, (Cont. on Page 8.)

Landing Ramp Project Moves Nearer Reality

Further progress toward establishment of a public small craft launching ramp near Bay-Waveland Yacht Club was indicated this week when Dan M. Russell Jr., owner of access tract to the site, agreed to grant an easement to provide for its use.

The matter is scheduled to go before the board of governors of the yacht club when it meets tomorrow night with the Chamber of Commerce ramp committee, August J. Scalfidi, chairman, sitting in.

Russell has assured chamber representatives he will cooperate in granting the easement to the site in question to assist in development of the project provided that certain conditions are met protecting the interests of the yacht club and others involved. He specified that the operation is to be non-profit and for public use, retaining for the club the

Mr. Peterson, Australian Are Married

Word has been received here of the wedding last Saturday at Canberra, Australia, of Miss Beryl Margaret Wyco, daughter of Mr. and Mrs. L. Wyco, and Sgt. A. J. Peterson, USMC, of Waveland, who is attached to the American Embassy there.

The ceremony took place at a chapel near St. Patrick's Church, Braddon, with a reception following in the church youth center.

Sergeant Peterson is the son of A. C. Peterson of Bay St. Louis and the brother of Mrs. Carl Lader. A graduate of Bay High School, he has been with the Marines for six years and recently reenlisted for another six-year stint. He has written his family that he and his bride expect to come home soon before reporting to his next post in North Carolina.

Porter Home Off Tour Clean Up Is Asked For Garden Visitors

A plea for county residents to spruce up their yards in preparation for the annual spring pilgrimage sponsored by the Mississippi Gulf Coast Council of Garden Clubs which will come here March 22 was issued this week by Mrs. Al Voight, local pilgrimage chairman.

She noted that many tourists will be in the Bay-Waveland area for the occasion and it would be well to make a good impression on them with clean yards and orderliness.

Announcement was made that Youponia, home of Mr. and Mrs. P. E. Porter sr., at Fenton, where the pilgrimage was to be concluded, has been eliminated from the itinerary because of Mr. Porter's recent illness.

Instead the tour will conclude at Oaklands, home of Mr. and Mrs. Voight on the north side of Nicholson Avenue, where tea will be served.

Reservations are being taken now for the luncheon on the day

of the tour which will be given at Bay-Waveland Yacht Club with the ladies auxiliary of which Mrs. Charles Lozano is president, serving the meal. Mrs. Voight urged local residents as well as visitors to attend and make their reservations with her at HO7-5614 or Mrs. J. Hugh Miller at HO-7-6465.

Tickets at \$1.50 per person also may be secured from either of them and should be purchased early, the chairman said.

The tour will begin at 10 a.m. at the E. M. Brignac home 920 South Beach Blvd., and continue to the Percival Stern estate at 370 Beach Blvd., Waveland, from there visitors will see the home of Mr. and Mrs. Leo Seal at 408 N. Beach Blvd., before lunching at the yacht club. Next on the list is the home of Mr. and Mrs. D. Brickett Martin at 753 N. Second St. with the day winding up at the Voight home.

The coast pilgrimage opens Saturday at Pascagoula with visitors continuing to Biloxi Sunday, then to Gulfport next Thursday, Long Beach Sunday, March 20, and finally Bay-Waveland on Tuesday, March 22.

Auxiliary Hears of Hospital Equipment

The interior and furnishings of the soon-to-be opened Hancock General Hospital were described in detail by Administrator Tom Logue to the women's auxiliary of the hospital when it met Monday afternoon at the home of Mrs. Lee Seal.

In addition to equipment the local hospital now possesses, more of the most modern type will be installed in the new building on Dunbar Avenue, he reported. Among these will be an ultra modern analytical system, a machine to determine within a matter of minutes the results of a blood sugar test and of a cholesterol test. Until now, these tests have required a great deal of time to complete.

Logue expressed great hope the hospital can add to its equipment an Isolette which would add greatly to the care of premature born infants in the nursery. He suggested that the auxiliary might want to undertake this as a project to donate to the building.

Charles Thomas, guest speaker, was introduced by Mrs. Lucille Weeks, program chairman, and he discussed the history of drugstores' show gloves, the beautiful old glass one, two and three decker gloves containing colored liquids. In times gone

Jaycees Assist New Pass Group

The fire engine purchased by the Bay St. Louis Jaycees from the city will be used as a show piece and advertising gimmick for Jaycee-sponsored projects, President Mike Haas announced this week.

The 1928 Seagraves Fire Engine will be restored and is in charge of a committee composed of Alex Cappellich, chairman, Charles Paulsen, Al Summy, Frank Hill and Bernice Piazza.

In other developments, the extension team, headed by Tom Logue, will meet with a group in Pass Christian Friday at 7:30 p. m. to organize a Jaycee chapter there.

At a special meeting of the board of directors Monday, it was voted to publish a monthly bulletin. An outstanding Jaycee will be selected each month and named in the bulletin. Dr. A. K. Martindale was appointed chairman of the charity committee to handle requests for assistance. Lionel Seltzer was named to replace

by they had signified the existence of non-existence of the plague and were placed in the apothecary window to warn coach drivers whether or not to stop in a town.

Payment was approved for materials used in constructing the hospital's float in the Carnival parade.

Mrs. A. P. Smith, president announced that the next meeting will be April 4 at the home of Mrs. J. R. Shaden on Felicity Street.

Trustees found the buildings in bad repair and suggested retaining the home economics section for teachers residences.

A resolution was adopted commending North Central on its B-BB state championship basketball squad, to be read by Principal R. E. Webb to the assembled student body. Use of six school buses to take students and others interested to Jackson for the champion of champions tournament Saturday was approved, along with some other trips of an educational nature. The board indicated it felt a difference should be made in transportation charges when these trips are educational from those when they are extra-curricular. Use of school buses to take the Girls Scouts to a summer camping site near Catahoula also was approved.

Payment was approved by the board of substitutes for Mrs. G. S. Kennedy at North Central when she is doing guidance counselling in other county schools under the state program.

Jaycoes Bid Best for City Fire Engine

Bay St. Louis Jaycoes were highest bidders on the city-owned 1958 model Seagrave fire engine Monday and purchased the vehicle for \$100. Also bidding was John M. Walton Co. of New Orleans at \$78.50.

Five bids on the city's annual requirements of concrete sand, gravel, bituminous asphalt, concrete culverts and corrugated steel were opened and action was deferred until all bidders were investigated as to their ability to perform the services bid on.

Commission Council agreed that the successful bidder should have sufficient trucks and equipment to deliver the material when needed.

Bidders were Bill Morreale, Earl Garcia, John Asher, Joseph Corvas and Harold Lee, all of Hancock County.

Bid of W. A. McDonald and Sons on cement was rejected on the grounds that cement could be purchased cheaper as needed.

Adolph Labat, Negro, of Bay St. Louis died Sunday in New Orleans, one day after his 99th birthday.

Services were at 10 a.m. Wednesday at St. Rose de Lima Catholic Church with burial in St. Mary's Cemetery.

He is survived by three sons, Herbert Labat, Pass Christian, and Alphonse and Edward Labat, New Orleans; five daughters, Mrs. J. Cospelich and Mrs. Annette Holmes, Bay St. Louis, Mrs. S. Morris, New Orleans, Mrs. J. C. Pope, Mobile, and Mrs. D. Desola, New York; and numerous grandchildren.

Asher Participates in German Exercise

Army Specialist Four Leo Asher, 25, son of Mr. and Mrs. John Asher of U. S. 90, participated in a six-week field training exercise with the 3rd Armored Division in Grafenwohr, Germany, which concluded Feb. 10.

Asher, a mechanic in Headquarters Company of the division's 46th Infantry, entered the Army in February 1958, and arrived overseas the following July. He received basic training at Ft. Hood, Tex. He attended Gulfview School.

Supervisors...

(Cont. from Page 1.) Hancock General Hospital was approved on the recommendation of Hospital Administrator T. O. Logue, but his suggestion that acoustical ceiling tiles be installed in a room which will remain unfinished was postponed.

Originally scheduled as a possible laundry, Logue said the room might be used later as a chapel or library. Hubbard commented that the Hill-Burton state representative did not approve of finishing the room since it would probably be used for storage and advocated dropping the matter until the hospital is approved by the hospital commission.

The board also decided that names of the supervisors now in office shall appear on the hospital dedication plaque.

Payment of \$323.18 to Hospital Architect W. W. Dawson and of \$22,892.20 to contractors Perillat and Rickey was approved.

Equipment proposals for the new county health center presented by Dr. James Maddux and Sanitarian Wayne Allison were tabled until needs can be discussed fully. Hubbard commented that approximately \$3,500 remained in the health center fund to purchase equipment.

A \$9,389.75 payment to health center contractor Roger Heitzmann was approved.

The board also approved a \$200 donation to the Red Cross fund drive.

A cerebral palsy case which had been refused admission to the state sanatorium at Ellisville because of overcrowded conditions was referred to the county health center until there is room at Ellisville.

Addition of the Texas Flat Road to the county's state aid road program was approved.

The board recessed until Monday morning for a short session because of the opening day of Circuit Court and scheduled a regular meeting for Wednesday morning.

LEADERS ARE NOT BORN...THEY ARE MADE

Boys and girls are the greatest asset of our state. Only a few years from now, they will take over the leadership of business and industry, government and education. In our opinion, there is no such thing as a "born leader." Our leaders of the future will be developed from boys and girls in all walks of life.

4-H Club activities are helping to develop qualities of leadership that will make better citizens...through the Junior Leadership Program sponsored by United Gas. Thousands of older 4-H Club members are taking part in this program, and we are honored to have this opportunity to share in the 4-H Club movement.

SJA Senior Trip Begins On Friday

The class of 1960 at St. Joseph Academy will leave early Friday morning from Slidell aboard the Southern train for their senior trip to Washington and New York, returning the following Saturday.

Chaperoning the group will be Mrs. J. V. Colson, Mrs. D. Ladner, Sister Jean and Sister Adrienne.

Arriving in Washington Saturday morning, the first stop will be at the Shrine of the Immaculate Conception, then the Franciscan Monastery, with a stop at the White House if time permits. After luncheon at their

hotel, they will visit the Smithsonian Institution, Museum of Natural History, National Gallery of Art and Washington Monument. Sunday the class will attend mass at St. Patrick's, then continue their tour of the capital city, visiting in nearby historic points of interest in Virginia that afternoon.

Tours will continue Monday before departing that evening for New York City. From Tuesday through Friday night when the girls board the Southern for home, extensive sightseeing

trips are planned, including the United Nations building, Empire State and places of interest throughout the city. Wednesday they will take a three-hour boat trip around Manhattan Island, followed by dinner and ice skating at Rockefeller Center. After Mass at St. Patrick's Cathedral Thursday and viewing of the huge St. Patrick's Day parade, they will have no scheduled activities until the evening when they are to attend the Broadway show, Flower Drum Song. The train is due at Slidell at 7:04 p.m. Saturday.

St. Joseph 4-H Talent Jottings

BY JEANIE LING
Seniors will leave for their trip to Washington by train Friday morning. Sisters Jean and Adrienne will accompany them.

College entrance exams were taken by the juniors Tuesday. They are given so the students may become familiar with the type of questions given in the real exam.

Six week tests in the high school will be completed this week.

For a project in history juniors have been giving reports on articles in the edition of the Weekly News.

Florence Morrison won the Betty Crocker Homemaker test taken by the seniors.

Tryouts for the talent show scheduled for March 23 took place Tuesday afternoon. So far the only definite participants are Judy Coppenex who will do a Charleston and Doris Hozeman who will sing.

Retreat, which consists of three days of silence and prayer, for the high school takes place March 21-23.

Monday afternoon the high school students went to see a Missionary exhibit at the Seminary.

Judy Brun, junior, took the United Nations scholarship examination last week.

4-H Talent Contest Set At N. Central

The county-wide 4-H talent show has been scheduled for 7:30 p.m. next Friday, March 18, at Hancock North Central School. Competition will include public speaking, vocal, dramatic, dance and instrumental selections as well as miscellaneous items.

There will be two divisions: for juniors aged 10 to 13 years and for seniors aged 14 to 20 years.

Judges will be Tom Loftin and Roy Fowler, associate agents in Pearl River County, and Mrs. Mary Greenwell, home demonstration agent in that county. Winners will enter the district show at Hattiesburg April 2.

School Menus

Lunchroom menus for the Bay St. Louis Separate Municipal School District for the week of March 14 are as follows:

MONDAY—R e d beans and rice, cole slaw, hot rolls.

TUESDAY—B a k e d ham, potato salad, carrots and peas, apple sauce.

WEDNESDAY—C o d fish patties, baked macaroni, tossed salad, cake, bread.

THURSDAY—P o r k chops, turnip and collard greens, sweet potato pudding, corn bread.

FRIDAY—Tuna fish, potato chips, buttered corn, jelly, bread. Milk and butter are served with each meal.

4-H CLUB WEEK DISPLAY - Setting up a display in Beach Drug Store or National 4-H Club Week new underway are Cedar Point 4-H Club members from left Kathleen Schaefer, Millie Ling, Linda Merritt, Kathy Kearney and Gloria Kimmel.

Mrs. Rhodes Is Scout Cookie Sale Chairman

Mrs. Willys Rhodes has been appointed Bay St. Louis neighborhood chairman for the Girl Scout cookie sale which will take place from March 19 through April, with McDonald warehouse listed as the local pick-up point.

Appointment of Mrs. Jason H. Floyd of Gulfport as chairman for the sale in District 3 of the Gulf Pines Council was announced this week by Owen Jessup, council chairman.

Girl Scout News

Summer camping for Girl Scouts in this area was a topic of discussion when the Bay St. Louis neighborhood met last Thursday in the fellowship hall of Main Street Methodist Church. Mrs. James Ansley was named camp registrar and complete plans will be announced soon.

Note was made that many troops are having special programs, outdoor activities and parties during Girl Scout Week. Girl Scouts attended church services in groups Sunday.

Plans also are being finalized for the annual cookie sale.

Merry Wives of Windsor To Play at Little Theater

William Shakespeare's gayest of farces, The Merry Wives of Windsor, will be presented at the Bay St. Louis Little Theater at 8:15 p.m. Friday, March 18, by the speech department of Gulf Park College.

The production, in costume, with a cast of 27, is presented in a modern adaptation of Elizabethan staging, extremely simplified scenery under the direction of Miss Helen Picking, head of the speech department.

Of local interest in the cast is Jimmy Gilmore, former Bay president, as a follower of Falstaff, David Streetman, head of the college music department, stars as Falstaff. Four speech majors take the leading female roles, Betty Buckley as Anne Page, Lynn Lannes of Mistress Ford, Barbara as Mistress Page and Susan Benedict as Mistress Quickly.

The two-act play is a bonus for theater members, coming in addition to the four scheduled productions for 1960. Attendance is restricted to the members and guests accompanying them may attend for \$1. Season tickets may be purchased that night at \$5 or by mailing checks to the Little Theater, P. O. Box 342, Bay St. Louis.

The play Laura, now in rehearsal and first scheduled for March 24-26, has been postponed until April 7 when it will open for three consecutive nights.

Ole Frog Enjoys Tasty Dish on Bay Stopover

"I have been happily married to the same woman for 27 years and am as proud of a good reputation as some Hollywood folks seem to be of a more lurid career," said cowboy comic Smiley Burnette Sunday over a heaping plate of his favorite weakness, fried chicken, at the Wheel Inn.

Ole Frog, as he is known to millions of youngsters who have seen him on TV, and one of his four adopted children, Mrs. Linda Myers, a bride of four months, were dinner guests of Mr. and Mrs. August Scaffidi. They were scheduled to leave Monday for Ocean Springs and Florida after nine days in Bay St. Louis. "It sure felt good to settle down for a while," Smiley said, indicating that spending more than one day in a town is "settling down".

Burnette is a veteran of 171 Gene Autry westerns in which he played the comedy lead. He was also the comedian in seven of Roy Rogers' westerns and 47 of the Durango Kid series starring Charles Starrett. His radio show which was started in 1951 established a record when it was purchased by more than 100 stations during the first two weeks. His Sunday morning TV pictures (Channel 6) are seen by eight million persons weekly.

Smiley, who doesn't drink or smoke, gets his greatest pleasure entertaining youngsters of junior high school age and is touring the country entertaining at schools. He gave two performances at Bay High last week. He rode Ole Ring Eye in the Krewe of Orleans parade Mardi Gras and estimates he

Tired muscles and aching limbs are getting back into condition as the first week of spring practice for the Rock-A-Chow gridiron team draws to a close. Following spring practice, the baseball and track teams will be organized.

An added attraction at the college stadium next season will be the box shrubs now being planted on either side of the field. Also, with the aid of several students, Brother Norman is leveling the area opposite the new infirmary building. With time this section will be landscaped and used as an additional play area.

Building Permits

Building permits issued in the office of City Commissioner J. Cyril Glover during the week ending March 8 were as follows: James Ginn, repair roof on St. George St., \$150.
Earl Nieto, repair dwelling on Leonard Ave., \$100.
John D. Ryan, erect frame building, Bay Woods Sub., \$1,400.
Margaret Peterson, repair building, \$100.

Wittman Assigned To Missile Unit

Army Pvt. Kenneth C. Wittmann, son of Mr. and Mrs. Frank Wittmann Jr., 318 Third St., Pass Christian, recently was assigned to the 2d Guided Missile Group's 5th Guided Missile Battalion, a Hawk missile unit at Fort Bliss, Tex.

Wittmann, a missile launcher specialist in the battalion's Headquarters Battery, entered the Army last September and received basic training at Fort Leonard Wood, Mo. The 20-year-old soldier is a 1957 graduate of St. Stanislaus College and attended Louisiana State University in Baton Rouge.

REAL SERVICE - Hollywood star Smiley (Frog) Burnette makes sure a bowl of gumbo is properly prepared before serving it to Mr. and Mrs. August J. Scaffidi at left Sunday in the Wheel Inn. At right is Burnette's adopted daughter, Mrs. Linda Myers, a bride of four months.

shook hands with at least 7,500 people.

He has mastered 52 musical instruments but can actually play more than a hundred ranging from the harmonica to pipe organs. He is also a composer and has had more than 400 songs published. One Gene Autry film had eight of his songs. Mrs. Burnette is the former Dallas MacDonnell, newspaperwoman and columnist. She resigned her position with the Citizen-News,

a Hollywood daily, when they were married in 1936.

Shoulda Gone Fishin'

BY EDDIE ENGELHORN

We can only hope the weather and water clears up soon so there will be better fishing news to report. The only variety of seafood available last week appeared to be mullet and oysters but what's wrong with that?
For the first time in several months we held a live fish in our hands Saturday when we met the Ruhr brothers, Ed and James, and Gerald Kennedy of Waveland tying up at Bayou Caddy with a boatload of mullet caught out front. They gave A. G. Dantagnan and August Scalfidi a box- full and, being true Chamber of Commerce members, they promptly gave the still-live mullet to Mayor de Lesseps S. Morrison of New Orleans and his party of top brass Army reserve officers.

If anyone wonders why there aren't any action pictures of the North Central - Pelahatchie state championship game in Decatur Saturday night it was because we were stuck on a mud flat out in the Bay in the vicinity of Bayou Caddy most of the day and didn't

Waveland Cagers Top Kilm Outfit

The Waveland basketball team led by player-manager Red Davis won their first two games to be matched with the state champs in independent play in the finals in the tournament at Pass Christian last weekend.
They defeated Kilm 66-41. Harold Pavoline was high scorer with 21 points. Billy Rhodes' basket in the final two seconds of play was responsible for their victory in an overtime game with May Ann's Drive-In of Biloxi.
Olen Davis' 19 points made him top man in this encounter, but Plummer's Realty of Gulfport was victorious in the play- off defeating the boys from Waveland 95-65.

get back in time to make the trip.

The "Echo reporter" who was aboard the Army amphibious duck Saturday was your columnist who hasn't been able to get warm since. Figuring on just shooting a few pictures we were only a light jacket and expected to be back before noon but when Major Gray invited us aboard couldn't be chicken so took off against our better judgment.

With the temperature around the freezing point we sailed cheerfully into the icy north wind, the only dissonant sound being the clattering of our teeth against the back of the camera when we shot a picture. A rough sea didn't help our stomach much which was already upset from the virus bug causing us to skip breakfast and by 4 p.m. when we finally docked it was growing up a storm.

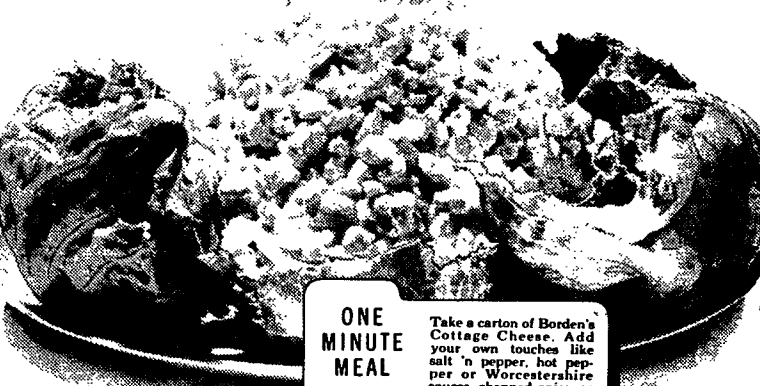

Wonder if we looked as cold as Dantagnan who was huddled in a bright orange life jacket, his lips a delicate blue? The major added something to the excitement when he told us about crossing a lake in France with about 40 ducks. "We lost three", he said. "Were they shot down?" we asked. "No, they just sunk," he replied. "Oh," we said looking at the cold, muddy water wondering if our treasured press camera would survive.

Smiley "Frog" Burnette couldn't resist the pleas of little Jo Ann Scalfidi Sunday so bought about \$18 worth of tackle from daddy August and the pair fished in August's canal most of the afternoon. They caught a mess of perch and catfish.

Eugene Bordeaux of Los Angeles, Calif., visited with Mr. and Mrs. Lucien Raymond last week and reports he couldn't catch or buy a fish. He is Mrs. Raymond's uncle. Stick around a while, Eugene, and you'll get all you want.

Thursday, Poplarville and Bill's TV of Biloxi tangle and Picaune girls play the Coast- ettes of Gulfport.
Semi-finals will be next Fri- day and the finals Saturday.

ANNOUNCING...TWO NEW-SIZE WAGON WONDERS!

AMERICA'S LOWEST-PRICED 6 PASSENGER STATION WAGONS

THE NEW FORD FALCON WAGONS

The new Tudor and Ford Falcon Wagons—sixth and seventh wonders of the Ford wagon world. America's station wagon specialists complete the world's largest wagon family with TWO NEW-SIZE wagons. They're Falcons in size and savings—and full-fledged Ford wagon wonders when it comes to work! With 2 feet less car to manage, you're a genius at solving traffic problems—a past master at parking.

Falcon Wagons are priced up to \$154 less than other 6-passenger compact wagons. The 2-door model is America's lowest-priced 6-passenger wagon.

Falcon gives the best gas mileage of any American-built wagon, on regular fuel. You can go up to 30 miles on a gallon of gasoline!

You get other Falcon savings, too. Repairs cost less. Change oil only once in 4,000 miles. And the Falcon's aluminum muffler normally lasts twice as long as the ordinary kind.

Longest load floor in the compact field is yours in a Falcon. It's over 7 ft. long, with cargo space totaling more than 76 cubic feet!

Full-six-passenger room, too, because Falcon Wagons are built for people. There's room for hats, hips and legs. Come see these newest wonders from the Ford wagon world! FORD DIVISION, Ford Motor Company.

Quint's Post With Phone Co. Remains Vacant

No permanent replacement for Fred Quint, Southern Bell Bay St. Louis plant foreman, transferred recently to Jackson, will be named for approximately six weeks, according to W. H. Swiley, plant manager for the Gulfport group. E. C. Strong who has moved with his family into a home on 113 Washington St. in Bay St. Louis has been named as an additional supervisor to this area and is relieving Quint until a permanent replacement is named, Swiley said. Quint is presently teaching principles of electricity in the company school in Jackson. Active in local organizations, he was a member of the Hancock County Chamber of Commerce board of directors and served as safety chairman. He also held a post in the Coast Chamber organization and participated in Red Cross affairs.

Kill Pair Fined On Liquor Charges

Sammie Myles, 40, and Charles Tom White, 25, both of Kiln, pleaded guilty to internal revenue violations concerning whiskey and were fined \$100 each and given nine months suspended sentence on nine months probation Monday in Federal Court at Biloxi by Judge Sidney C. Mize.

\$121,000 per week. It consisted of two 2,000-gallon sheet metal stills and 71 475-gallon wooden vat fermenters. Destroyed were 32,944 gallons of mislabeled 3,000 gallons of mislabeled whiskey. The operation was destroyed with dynamite.

Shanks said the still was probably hit during a second run and the operators could have shipped 1,500 gallons from the first run. It had apparently been in operation two to three weeks. Another still was seized Feb. 15 and agents believe this was part of the same outfit. It was about three miles south of the one hit Tuesday. "We expect to make further arrests in connection with the still," the supervisor said.

Confiscated in the latest raid were two automobiles, a delivery truck, a tow truck, a delivery van, a farm tractor with flat bed trailer and two tandem trailers.

The men were charged with possession and operation of an illicit stillary, possession of much and removal of stillary. Bonds are returnable to the judge.

City Policemen Probe Accidents

Property damage of about \$200 was reported by City Policeman Latham Garriga from a collision between a 1957 model Chevrolet operated by Oren Luch of Lakeshore and a 1951 Plymouth driven by Ashton Carver of Bay St. Louis, last Saturday at the intersection of U. S. 90 and Seminary Drive. Patrolman Jack Ladner investigated a collision on Feb. 22 at Main and St. Francis Streets in which Leander Benjamin and Birdie Hobbs Holland were involved.
